

ASM Milwaukee is pleased to offer the ASM International Course:

Metallurgy for the Non-Metallurgist Course

Thursdays, starting January 11th-February 8th 2024

Member Price: \$500 // Non-member: \$600

Register [here](#)

Instructors:

Dr. Raymond Fournelle

Prof. Fournelle is Professor Emeritus in the Department of Mechanical Engineering at Marquette University. Over the years he has taught materials science, materials selection, failure analysis, mechanical behavior of materials. He has been involved in research on phase transformations, fatigue, soldering in electronics and dental prosthetic screw and has 80 publications in these areas. He has also served as a consultant to a number of companies and law firms, with much of the consulting involving failure analysis. Prof. Fournelle received his B.S, M.S. and Ph.D. degrees from the University of Missouri-Rolla, now the Missouri University of Science and Technology. He is licensed Professional Engineer in Wisconsin and a Life Member and Fellow of ASM International and a Senior Member of TMS.

Steven Keckler

Steven Keckler is a Process Metallurgist for ThermTech of Waukesha. He has five years industry experience with commercial heat treatment of various ferrous and non-ferrous materials. He is actively involved with ASTM sitting on several committees concerning hardness testing and metallography. Additionally, he has active involvement with the Metal Treating Institute. Steven Keckler received his B.S, & M.S in Metallurgical Engineering from Montana Tech.
